## Facials

### **Face Mapping** (15-30 minutes)

Using Dermalogicas Face Mapping™ system, our qualified skin therapist performs an analysis of your skin from forehead to collarbone, identifying any potential problems. With this information we can ascertain how to professionally address your skins needs.

### **Spa Deluxe Specialised Facials** (30 and 60 minutes)

Spa Deluxe has a unique approach to facials. We respect that everybody's skin is different and requires individual attention. At Spa Deluxe we don't offer a set list of facials, rather we work with your individual skin type and customise options based on your specific needs. This way we can ensure each and everyone of our clients receive the best, most effective and appropriate facial for their skin.

## Facial treatments

### **Microdermabrasion** (30 minutes)

### **O<sup>2</sup> Opulence** (60 minutes)

A fantastic therapy available for the treatment of uneven skin pigmentation and sun damage.
